*Wiesmann is a German car manufacturer; set up in 1985 by two brothers Martin and Friedhelm Wiesmann both came from an engineering background. The company originally manufactured custom hard tops for a wide range of convertibles, which they still continue to do so today.*

*With a passion for sports cars it didn't take long for the brothers to design and build their first roadster, which left their Dulmen workshop in 1993. The Wiesmann ethos was to build high quality bespoke sports cars in both roadster and coupe form. The Weisemann company logo portrays a gecko, as they claim their cars stick to the road like geckos to a wall". By 2006 the company were producing the Wiesmann GT MF4 coupe and roadster, these were hand built in their state of the art production facility with each car taking*
