### Vehicle Description

*This Home Market Right Hand Drive is a manual example and was first registered on 10 December 1971 by Henleys of London for a Mr HW Cliiford; it was supplied in the colours that it sports today and is therefore highly desirable. There are a total of six recorded keepers to date. This beautiful example was bought back from Germany in February 2017 where it had been used since 2009. There are MOT certificates stretching back from 2009 to 1993 detailing the mileage.*

*Finished in Old English White with superbly patinated Black Hide and Black Webasto Sliding Roof, Chrome Wire Wheels and White Wall Tyres. A new 12 Months MOT will be issued. We regard this car as a very good example which starts on the button and drives extremely well.*
