Vehicle Description

The 2018 Adria Matrix Plus 670 SC is a 7.48m-long low-profile coachbuilt with an L-shaped front lounge and a rear island bed. The Matrix range combines the spaciousness of overcab models with the sleeker lines of a low-profile, thanks to a distinctive hump over the lounge that has led some to label this kind of motorhome a 'mid-profile'.

Two double beds are available in the Matrix Plus 670 SC - a spacious island bed at the rear, above a rear garage, and an electrically operated drop-down bed above the lounge. Another single bed can be made up in the lounge, by lowering the table and rearranging the seat cushions. Up front, the lounge bed is lowered and raised by means of a button (no key required), and is quiet and brisk in operation. A ladder, which stows in the rear garage, is used for entry and exit.
