Vehicle Description

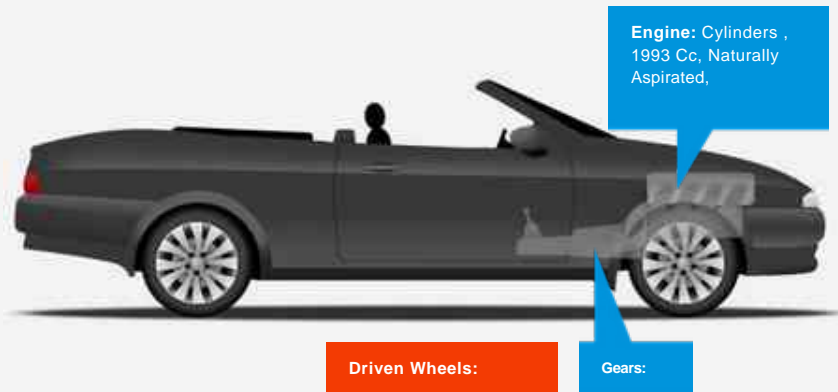

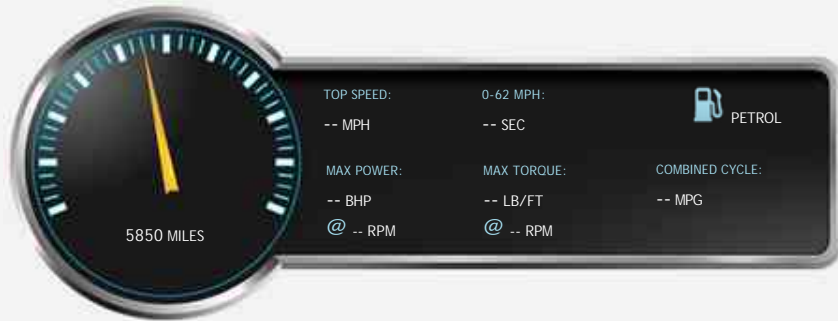

A very rare road going version of the Ginetta G20 single make race series car. A 3 owner car, the first being Ginetta cars from 2004 to 2006 and used as their demonstrator. The car weighs around 660 Kg and is powered by a 2.0 litre Ford Zetec engine with rear wheel drive and 5 speed gearbox, independent fully adjustable wishbone suspension and disc brakes all round, Tony Law exhaust and DTA S60 ECU with NTK wide band lambda. A very responsive car with superb performance and stylish body. There are no doors, windows or roof to worry about and certainly no radio, the entertainment is provided by the driving experience. One for the minimalist enthusiast, a great alternative to a Caterham and much rarer!!
OUR CARS UNDERGO A RIGOROUS PRE-DELIVERY INSPECTION & ARE SUPPLIED WITH 3 MONTHS WARRANTY!
