Vehicle Description

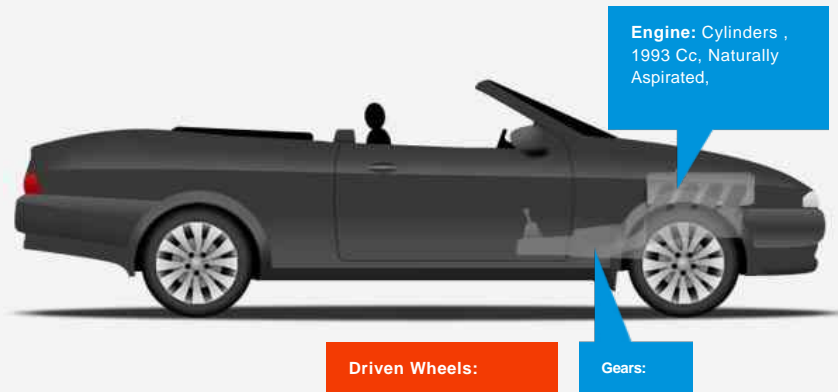

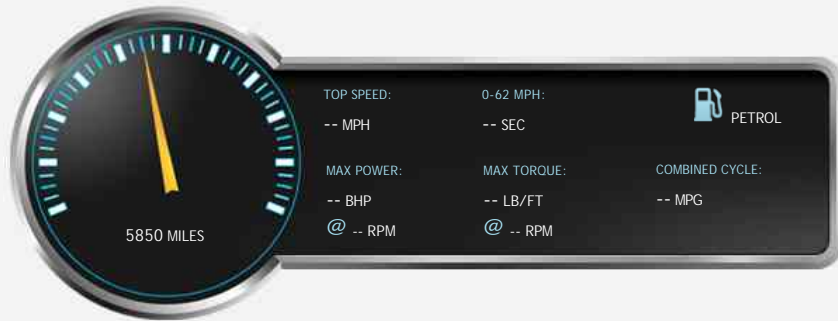

A very rare road going version of the Ginetta G20 single make race series car. A 3 owner car, the first being Ginetta cars from 2004 to 2006 and used as their demonstrator. The car weighs around 660 Kg and is powered by a 2.0 litre Ford Zetec engine with rear wheel drive and 5 speed gearbox, independent fully adjustable wishbone suspension and disc brakes all round, Tony Law exhaust and DTA S60 ECU with NTK wide band lambda. A very responsive car with superb performance and stylish body. Huge amounts of fun on the road (and a real head-turner) and a fantastic and very quick track-day car!! One for the minimalist enthusiast, a great alternative to a Caterham and much rarer!! OUR CARS UNDERGO A RIGOROUS PRE-DELIVERY INSPECTION & ARE SUPPLIED WITH 3 MONTHS WARRANTY!
