> Blinds	> Central Seating Group
> Bike Rack	

Vehicle Description

This Auto-Trail Apache 700 is in lovely condition throughout and comes with a desirable U-shaped lounge, 6 travel belts, a bike rack, central seating group and a fixed double bed. As it is only 3500kg, you can drive this with a restricted or normal licence, although we can uprate it at your request. There is a full service history with 10 stamps in the service book. Highly recommended viewing.

The U-shaped lounge is placed at the rear of the vehicle with plenty of overhead and under seat storage space and a large panoramic skylight which floods the area with natural light. The seating converts into a double bed.

In the centre of the motor home is a four seat dinette which has two forward facing, three point seat belts as well as two lap belts. This allows you to carry a total of six people. The dinette seats can be converted into another double bed.
