Vehicle Description

Here we have a spacious tag axle, six berth motor-home with an end bedroom layout, two large panoramic sunroofs, central seating group, and Category one alarm and immobiliser. This Auto-trail Chieftain is in extremely nice condition throughout with under 17000 miles on the clock and is more than worth a visit to our indoor showroom to come and view, we're certain you won't be disappointed.

The rear bedroom has a low down, transverse fixed bed with overhead cupboards. There is also a privacy screen that separates the bedroom from the main body of the home.

In the heart of the motor-home there are two large sofas trimmed in pastel blue and cream fabric and the kitchen area. Under both sofas there is plenty of storage space and they are easily converted into a King sized bed. There is also a dining table, perfect for family meals or entertaining.
