Vehicle Description

We're proud to present this very rare 2007 Lunar Goldstar, which has been remapped for more horsepower and better fuel consumption. Comes with 12 months MOT, 3 months personal BCS warranty and a full major service completed by ourselves. This vehicle has done less than 17000 miles and is in very nice condition throughout. Comes with a solar panel, a bike rack, twin reverse camera, and awning.

The rear of the motorhome holds the fixed double french bed. There are plenty of overhead cupboards and under bed space for storage. The window makes the bedroom bright and airy and the fold away divider assures privacy. There is also an attractive vanity unit with washbasin.

In the washroom you will find a Thetford WC and a chrome mixer shower. The shower has two doors and you have to walk through it
