Vehicle Description

Manufactured in 1962 this Jaguar MK 2 3.4 Litre is, we understand, an original Right Hand Drive car equipped with a Moss Overdrive gearbox. We further believe this to be a matching numbers car and we are awaiting the Jaguar Heritage Certificate to confirm these details.

Adhering to Sir William Lyons' maxim of "Grace, Pace and Space", the Jaguar Mark 2 was a fast and capable saloon which was powered by the XK Twin Overhead Camshaft inline 6-cylinder engine that was introduced by Jaguar in 1949 and remained in production until 1992. In 3.4 Litre form the engine produced a claimed 210 bhp The 3.4 Litre and 3.8 Litre cars were fitted with twin SU HD6 carburettors.

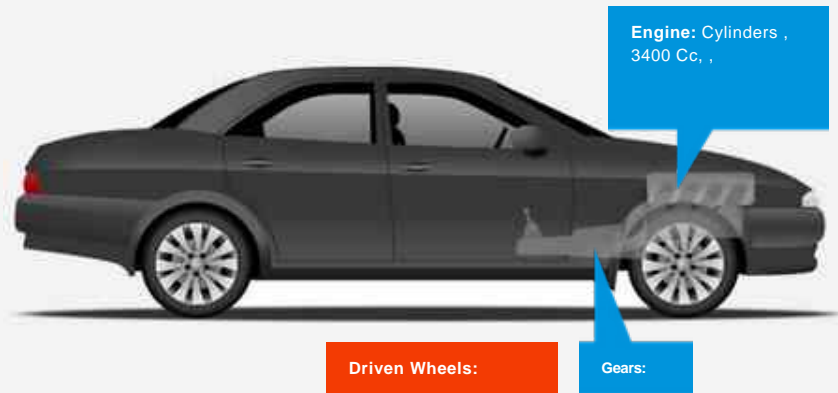

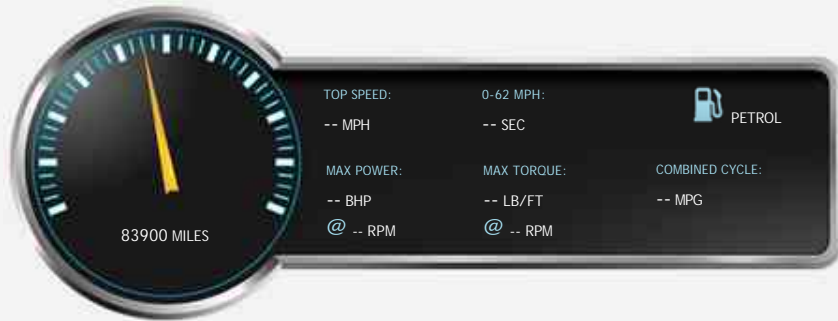

Inherited by a lady upon the passing of her father in 2000 this car, we are advised, was largely unused.
