### Vehicle Features

Not Specified

### Vehicle Description

*This Jaguar Mark 2 3.8 was despatched when new to Australia in May 1960 where it was kept until the end of 2017. The Jaguar Heritage Certificate accompanying this superb example confirms that it retains its original interior and exterior colours of Mist Grey and Red. In 1995 it was fitted with a full synchromesh manual and overdrive gearbox. We are advised that the car has been sparingly used and for all intents and purposes in store until its preparation for repatriation to these shores.*

*Works carried out prior to re-import included: full refurbishment of the fuel system, including carburettors, renewal of the brakes and some re-chroming at a documented cost of Australian \$14,000 (£8,500).*
