Vehicle Description

This Chimaera comes in a great colour combination and looks stunning! The interior is in superb condition with its steel dash and aluminium switch-gear. The 'under bonnet' condition is also very impressive. The engine and gearbox still feel tight which is in keeping with the very low mileage. The car comes with a nicely presented file with MOT certificates and invoices going back to 2002. We have looked after this car for the last 6 years during which time it has only covered 1,500 miles.

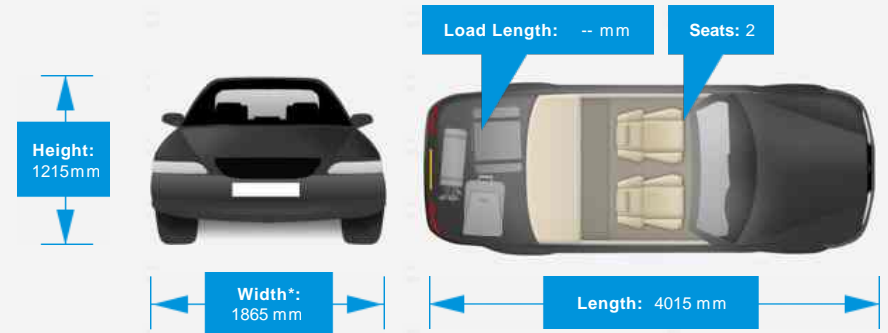

This car is going to make somebody's summer!
