| Air Conditioning | Alloy Wheels |
| Anti-Lock Brakes | Alarm |
| Electric Windows | Leather Upholstery |
| Low mileage | |

Vehicle Description

The Series III XJ6 range, which was released in 1979, was visually distinguished from the Series II by its new thicker bumpers, the removal of separate "quarter-light" windows from the front doors, and a revised rear roof-line featuring a slightly more angular c-pillar. In 1981 the 5.3 V12 models received the new Michael May designed "fireball" high compression cylinder head engines and were badged from this time on-wards to 1985 as HE (High Efficiency) models.

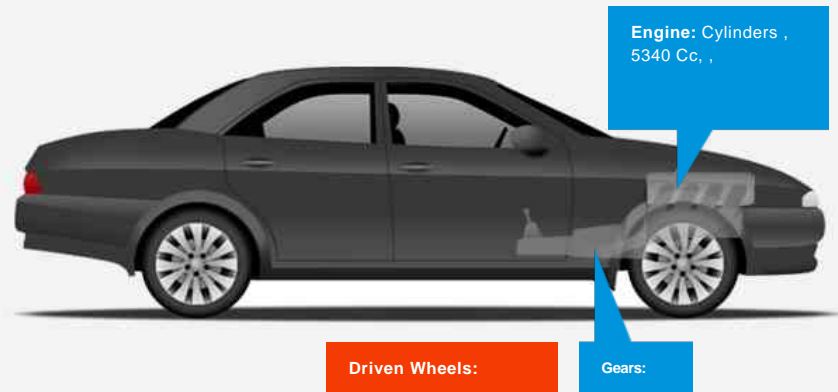

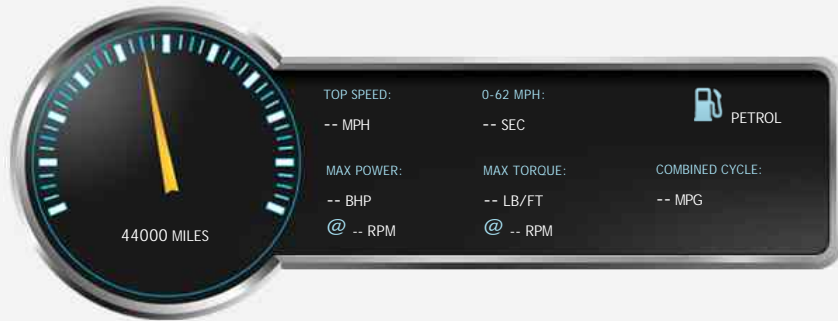

This superb example of the marque was according to the Jaguar Heritage Certificate that accompanies the car supplied in Japan in March 1991 and is therefore from the last year of production and enjoys, importantly; ABS, Cruise Control and a Fuel Consumption Monitor. Finished in gleaming Brooklands Green with Parchment hide, this car looks really lovely from every angle. We are advised that in Japan it was
