Owners:	3
Mileage:	44,000
Reg Date:	March 2014 (14)
Colour:	Pure White

### Vehicle Features

Not Specified

### Vehicle Description

Here we have a stunning Golf R finished in Pure White. The MK7 Golf R is lighter, faster, more efficient and bigger than its predecessor and comes packed with technology (like an ESP system you can fully disengage) that doesn't blunt the driving experience, but enhances it. Crisp steering, instant throttle response and bags of power channeled through all four wheels mean that while it will never be held with the same affection as the GTI it's now a more complete hot-hatch. With a heavily reworked version of the GTI's 2.0 TSI engine, producing 296bhp and 380Nm of torque (identical to an Audi S3, 69bhp more than a GTI with the performance pack and 30bhp more than the previous Golf R) this latest version is the most powerful, and fastest production VW Golf ever. With this six-speed DSG gearbox and it can cover 0-62mph in 4.9 seconds (the six-speed manual takes 5.3), before slamming into the limiter at 155mph. This Example has a superb Spec List, In total it has £4500 worth of optional extras. This includes: 2 Tone Carbon/Nappa Leather Pack -- Heated Seats-- Discover Navigation Pro Touch Screen (Larger Screen Version) --Voice Activation -- Privacy Glass and all of that on top of the already highly Spec'd R! DAB, 18" Diamond Cut Alloys, LED/Xenon Headlights, LED Rear Lights,
