Vehicle Description

1999 'T' reg Range Rover 4.6 HSE, in metallic Oslo Blue with contrasting lightstone leather interior. These 1999 cars were actually the same spec as the 2000 labelled 'Vogue' cars, so were different only really in name. They were fitted with the later 'Thor' engine with the Bosch Motronic injection system. These later engines do not tend to suffer with the same block cracking and liner slipping issues that the earlier 'Gems' cars did, and they produce a lot more torque too. This one is in very tidy order throughout, and we have just fitted a new headlining, MOT'd it (no advisories) and is supplied with a fresh service and new front brake pads. It has 11 service stamps to 99,000 miles. The air suspension system works well, and even the air conditioning blows ice cold. There are no warnings on the HEVAC display. 3 months Warranty on major mechanicals is included in the sale.

Viewing by appointment only please, on 01242 898 986. Part exchanges considered.
