Reg Date:	June 1973 ( )
Colour:	Red with Black Leather

### Vehicle Features

Not Specified

### Vehicle Description

*The V12 E Type Roadster is a very usable classic combining rock solid reliability with silky smooth performance. The Series 3 comes fitted as standard with many of the necessities that we now take for granted which most importantly include servo assisted brakes and power steering.*

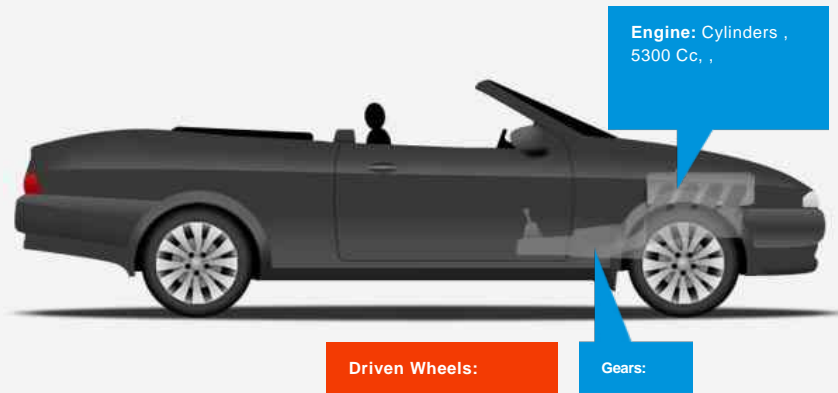

*We took this car in part exchange direct from the previous owner who has owned it for over 22 years. Whilst in his tenureship, remedial works have included a stainless steel exhaust, replacement discs and pads (front), electronic ignition and a SU carburetor conversion. The car drives wonderfully, it feels very tight and responsive on the road and whilst it is very presentable, it could benefit from a respray and detailing under the bonnet. With that in mind and to achieve a quick sale, we feel that we have priced this very attractively.*
