Vehicle Description

AT Performance are pleased to present another fabulous One Owner, Nitrous Blue RS. The Mountune M400 Package, boosting the performance output and the driving experience alike, has truly enhanced this cherished example.

Sourced ourselves from a Ford RS enthusiast and FocusRSOC Member, the original MPSS tyres all maintain good tread, indicating a sympathetic journey from new.

Upgraded to M400R specification with supporting paperwork and invoices totaling over £4,200. The staggering performance is achieved through the Mountune intake kit, Mountune M400R tune, Mountune Alloy Intercooler, Mountune High-Flow Hard Pipe Kit, Mountune Sports Cat and Mountune V1 Valved Exhaust with Centre Section.
