Vehicle Description

VW Lupo Cup Factory Motorsport Car Gen 1 ABT prepared (Chassis number 36)

This Lupo Cup car in Candy white is reputedly 1 of 3 brought to the UK by Milton Keynes VW. All 3 became race cars in various disciplines and one met it's demise in a barrel roll resulting in it's destruction. This car raced in the Dunlop Sport Max Cup winning it's class whilst at the hands of a Cosworth race engineer and has a lovely race history of paperwork to accompany the car. The other car was purchased by ourselves 2 year ago and is currently being prepared for the future.

Specification:

*1600 cc Twin Cam 16v AVY (original 1400 16v supplied with the car)
6 speed*
