- > Electric Mirrors
- > Electric Windows

### Vehicle Description

A truly exceptional example of the luxurious Lexus IS220, finished in the very difficult to find black with full black leather interior. This is the top of the range model with huge specification including air conditioning, alloy wheels, Bluetooth connectivity, in dash 6 CD changer with AUX input, cruise control, electrically adjustable & heated/cooling front seats, power steering, rear tinted windows, reverse parking camera, satellite navigation and traction control. Our own sales managers car for the past 3 years, has wanted for nothing, is in absolutely superb condition for its age and drives like its covered a fraction of its actual miles. All this is reflected by a comprehensive (majority Lexus main dealer) full service history. A prestigious, rarely seen and extremely well presented diesel saloon.
