Vehicle Description

First registered August 1971, this must be one of the earliest surviving 350 R107 series SL's. Finished in the enduring Bright Red with Black leather interior, possibly one of the best colour combinations to be seen is on this stunning example of the iconic SL, a name that has been with us for some 65 years and that has been residing on the rear of some of some of the greatest motor cars Mercedes-Benz ever built.

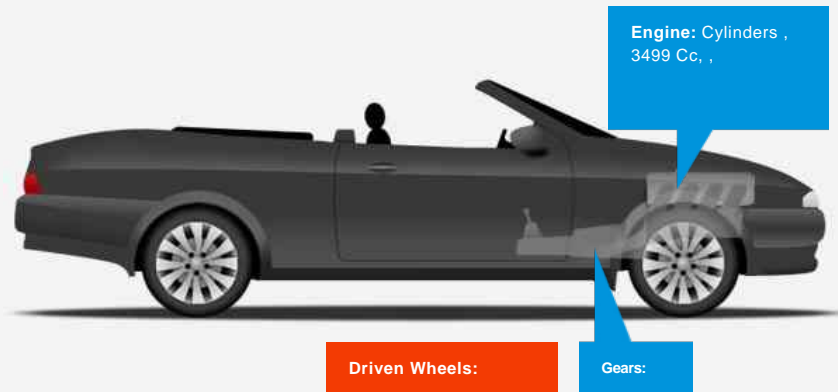

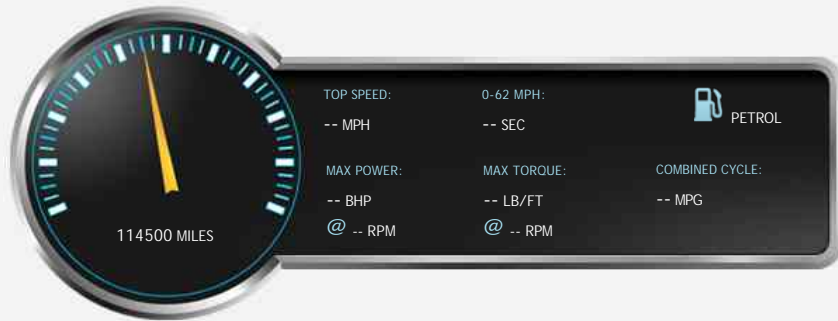

This example has recently been the subject of an extensive restoration with a new aluminium bonnet, new boot, wings, valances, doors, new chrome, four new tyres with refurbished Mexican hat alloy wheels, a brake overhaul, engine and gearbox service, new exhaust and many hard to find and expensive seals and rubbers.
