Ford's muscular ST-2 is a big favourite of ours. Ford's stylists have done a great job sprucing up the standard hatch. A more aggressive front bumper and mesh grille give the nose a distinctive look, while at the rear the twin exhausts & 18" Wheels make the ST unmistakable. 18" Wheels. What's more, high tail-light clusters mean a wide, practical boot opening, and a class-leading capacity of 385 litres.
