Owners:	
Mileage:	23,000
Reg Date:	July 1995 ( )
Colour:	Woodcote Green

Vehicle Features

Air Conditioning	Alloy Wheels
Low mileage	

Vehicle Description

Manufactured in 1995, (M Reg) but imported back to the UK in December 2007 with just 10,300km, this car has been used sparingly and now shows just 38900 km (23,000 miles). The paperwork and documentation suggests maintenance as required with invoices and a consistent MOT record dating back to the importation date of 2007. Most recently the car has had replacement tyres with refurbished alloy wheels which compliment the exterior colours of Woodcote Green paintwork with green hood. The interior connolly leather is in excellent condition as is the veneered elm woodwork and of course there is the bonus of fitted air conditioning. Given the way RV8's have continued to grow in value of late and the limited number of cars available, it is all the more reason to snap this one up before the sun comes out!

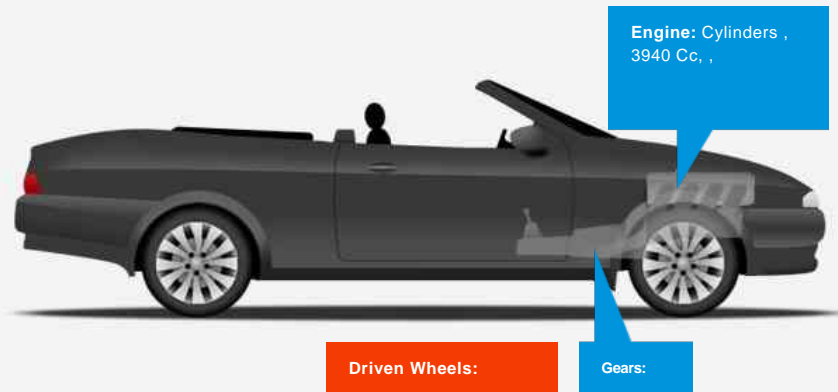

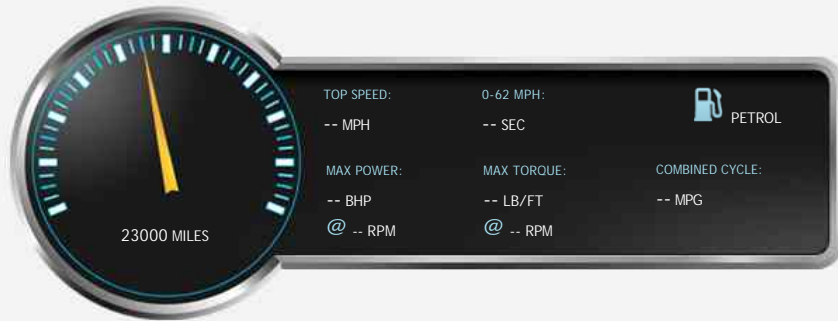

The MG RV8 was produced from 1993 with some new body panels for the standard MGR body shell, to
