### Vehicle Description

*WOW, the Jaguar XF 3.0 V6 S. It's an XF, but not as we know it Jim!!*

*Most V6D XF's are 240bhp which are sublime BUT, add the S and you automatically get 275bhp, yep, another 35 thoroughbred horses under the bonnet, all primed and raring to go. It might look similar to other XF's but, believe me, it's not the same. That extra power just makes everything work that bit easier, the delivery of the power is even more effortless. These cars will whisk you from 0-62 in 5.9 seconds, that's about a second faster than the 240bhp models and just keep pulling, right up to the EU limited (I wonder what happens to the EU dictating how fast our cars should go now??) 155mph. This particular one is just a joy to behold, it is breathtaking in what Jaguar call 'grey' ? For me it is more a 'minky' colour but, come and see for yourself, you tell me. Whatever colour the bodywork actually is, it is beautiful. It gleams in the sunlight and is complemented perfectly by the full, ivory leather interior and the 20" Senta Alloy wheels - just stunning. It has mostly Main Dealer service history with 6 of the 7 stamps being dealership stamps. The last service was carried out on 1st*
