Although we are unable to offer personal viewings at this time, we are still catering for our customers. We are able to provide further photography, full walkaround videos and a free delivery service within a 100-mile radius. The A4 version gets large 19-inch '5-arm-rotor' alloy wheels with a matt-titanium finish, plus a black styling package which includes a matt black number plate holder, gloss black fog light surrounds, colour coordinated door handles, plus a polished black radiator grille frame. The Audi A4 Black Edition's interior is traditional Audi, in that it's well thought out and feels very solid. It differentiates itself from the S Line model with a flat-bottomed three-spoke steering wheel, as well as
