Vehicle Description

Taken in Part Exchange against one of our Jaguars and, WHAT A CAR!!!
It's an absolute ROCKET!! 250bhp, 0-60mph in 6.5 seconds and just keeps going to the Euro Capped 155mph. It's a Quattro so corners like it's on rails too.
Honestly, if you ever wanted a wolf in sheeps clothing, here it is, it's just a fantastic high performance car that will surprise all but those 'in the know'
Great Main Dealer Service History (7 stamps, MD and Independents) with the last one showing the service plus new clutch and brakes.
It is in really good all round condition, looks fantastic inside and out. Starts on the button, and flies!!!
Just a stunning looking thing with amazing performance, come and see it, you'll love it.
CALL NOW with any questions and to book your viewing - sorry but because of the way this car performs, we can only offer test
