Vehicle Description

THE BIKE SPECIALISTS,
TRADING STANDARDS AWARD WINNERS.

We are excited to offer this beautiful example of one of the most iconic Japanese motorcycles made in the seventies. The Honda CB750 Four with its four-cylinder transverse engine, was a big hit with the public at its introduction in 1968 and has since become a collectors favourite. It was unlike anything Honda had produced for the public, and frightfully similar to their race bikes, with the first mass-production in-line four-cylinder engine. It was the first Superbike, and more than 45 years later it makes for a great classic ride. Today, motorcyclists and collectors alike are snatching up original and restored early-production Honda CB750 motorcycles due to their limited numbers and their place in
