Vehicle Description

*THE BIKE SPECIALISTS,
TRADING STANDARDS AWARD WINNERS*

Here we have the opportunity to purchase our 1994 Honda NC35 RVF400. This bike looks stunning and is a credit to its last owner who had the bike in his possession since 2008. It has covered 27,043 miles from new and comes with a host of old MOTs documenting the bikes mileage history since being brought into the country in 1996.

The Honda RVF400R (NC35) was the smaller sibling of RVF750R (RC45) and was manufactured by Honda from 1994 to 1996. It was powered by a 16 valve double overhead gear driven cam 400 cc 90° V4 four-stroke
