Vehicle Description

THE BIKE SPECIALISTS,
TRADING STANDARDS AWARD WINNERS,

Here we have for sale a lovely Honda XR75, a pure piece of nostalgia for those in their youth during the seventies. These small displacement dirt bikes ooze fun and innocence and really encapsulate the very freedom associated with motorcycles. A machine with so much simplicity that can keep up with the abuse of off road riding, what's not to like? For most, off road bikes were a gateway to road riding and plenty of street riders still hold a passion for off-roading simply because of how fun it is! With its 72cc, four stroke engine and a top speed of just 40 miles per hour this bike would make the perfect easy learner for a new rider or provide mindless fun for a more experienced rider.
