> Electronic Stability Program	> Heated Front Seats
> Immobiliser	

## Vehicle Description

Beautiful BMW 750i V12. Clearly a much loved & correctly looked after vehicle. Not many of these in existence at all, only 113 UK standard wheel base models were produced & delivered for the UK market making this car exceptionally rare, even more so in this condition, the photos really do not do the car justice, it is best described as "out of the box" condition considering it is 22 years of age! This 750i facelift model has also only had 2 previous keepers from new and is finished in "Biarritz" blue metallic exterior paintwork, complemented by full extended "Sand Beige" Nappa leather interior. Further features include : Electric tilt & slide sunroof, heated front & rear seats, luxury comfort seats, electric rear blind & side window blinds, double glazed windows, TV, navigation system, front & rear park distance control, bi xenon headlights, original fitted car phone, side & passenger airbags, electric folding door mirrors, totally unmarked & perfect 18" M Sport alloy wheels wrapped in a matching set of premium quality Good Year performance tyres, original tool kit, electric front & rear seats with drivers memory plus both sets of remote keys, all original handbooks & owners manuals & mostly supplying BMW main dealer service history documented & stamped in the original
